Mineral Sunscreen SPF30 for Face & Body, no tint

\$26.60

[Sunscreens](#)

Product Description

This Mineral Sunscreen SPF30 is a multi use product suitable for both face and body. It is formulated with vegan, mineral-based ingredients and ensures broad-spectrum UVA/UVB defense. This product will be a great addition to your brand's offerings as one of the most popular summer essentials. Product description: Enriched with mineral-based ingredients, this sunscreen ensures broad-spectrum UVA/UVB defense and prevents premature aging. Tested for water resistance, it leaves the skin protected, hydrated, and smooth without leaving a white cast. Apply liberally before sun exposure to all exposed body areas and reapply every two hours, or more frequently if swimming, perspiring, or toweling, to maintain effective protection. WARNING: the cream doesn't ensure 100% protection against UVA/UVB rays. Extended sun exposure is a serious health threat, avoid it even while using a sunscreen.
